

Black Diamond Conversions

Volume I

Black Diamond Conversions
is an ongoing project of rendering ideas
and iconography in a modular motif designed specifically
for tattooing. As tattoos age, the ink spreads through the skin and the
lines become less defined. Normally considered undesirable, this motif anticipates and
incorporates this natural degradation. As these designs age on the skin,
the small breaks between the lines start to connect.
The tattoo becomes whole as it is
“grown into.”

Luck ♦ 01	Candle ♦ 25	Lotus ♦ 49
Obol ♦ 02	Eye ♦ 26	Fly ♦ 50
Fig ♦ 03	Fool ♦ 27	Oak ♦ 51
